

# ROWING CLUB – EXTERNAL

	APPROACH ROUTES	N/A	Yes	No	Identified in Action Plan
1	Is the club within convenient walking distance of a public highway?				
2	Is the club within convenient walking distance of public transport?				
3	Is there accessible public transport to the club by bus and train?				
4	Are there bus routes with low-floor access ramps for wheelchair users?				
5	Is there a train station locally with lifts for wheelchair users?				
	CAR PARKING				
6	Is accessible parking provided for wheelchair users?				
7	Are sufficient dedicated accessible parking spaces provided?				
8	Is accessible parking clearly marked and signposted?				
9	Are there parking bays available with adequate transfer space for wheelchair users?				
10	Is accessible parking suitably surfaced and level for wheelchair users?				
11	Is accessible parking well lit, visible and safe?				
12	Are there suitable and safe set-down and pick-up points for vehicles?				
13	Are there spaces close to the club and/or boathouse?				
	FOOTPATHS				
14	Are there paths without steps?				
15	Are paths wide enough?				
16	Are the edges of pathways clearly defined by colours/tactile surface?				
17	Are there ramps and handrails where necessary?				
18	Is the ramp slip resistant?				
	STEPS				
19	Are there steps?				
20	Are the steps of appropriate dimensions?				
21	Do the steps have a tactile surface for advanced warning of change in level?				
	ACCESS TO BOATHOUSE				
22	Is the boathouse entrance door wide enough for wheelchair users?				
23	Is the boathouse adequately lit?				
24	Are the boathouse bays wide enough to avoid projections (e.g. riggers)?				
25	Is the floor space clear of obstacles (e.g. riggers, seats)?				
26	Are the boats easy to remove and replace in the boathouse (consider sliding racks/trolleys)?				
27	Are oar and sculling blades easy to remove and replace in the boathouse by wheelchair users?				
28	Are lifejackets located at an appropriate height for wheelchair users?				
29	Does the club have equipment including boats, seating that is appropriate to the rowers needs?				
	ACCESS TO WATER				
30	Is the boating area accessible for wheelchair users?				
31	Is there an accessible shoreline?				
32	Is there an embarkation pontoon with access ramp for wheelchair users?				
33	Is the pontoon access ramp of the appropriate gradient?				
34	Does the pontoon have the appropriate transfer height to boats?				
35	Is the pontoon stable?				
36	Is there adequate room for assisted moving, handling and transfer to				

	the boat?				
38	Is there a hoist for moving, handling and transfer to boat?				
39	Is the hoist sling appropriate to the rowers needs?				
ROWING CLUB - INTERNAL					
40	Is the entrance door to the club clearly colour contrasted or distinguishable from the surrounding facade?				
42	If there is a glass door, is it visible in its closed position through transoms?				
43	Does the door have large pull handles?				
44	Does the glass door have glazing manifestation bands or logos 1.5m above floor level?				
45	Does the entrance door provide a clear opening for wheelchair users?				
46	Are floor surface areas easily negotiable by wheelchair users?				
47	Is there a lift to upper floors?				
48	Does the lift provide a clear opening width?				
49	Are the lift doors adequately colour contrasted from the surrounding wall?				
50	Is there a platform stair-climber lift?				
SANITARY FACILITIES					
	TOILETS				
51	Is there a WC for rowers with a disability (accessible toilet)?				
52	Is there a WC with sufficient room for a left and right transfer?				
53	Is there a washbasin of appropriate height for wheelchair users?				
54	Are there hand drying facilities at an appropriate height for wheelchair users?				
55	Is the floor slip resistant and colour contrasted from the walls?				
56	Are all the sanitary fittings and grab-rails colour contrasted from the walls?				
57	Is the route to the WC accessible to wheelchair users without obstructions?				
58	Are any sanitary dispensers identifiable to rowers with a visual impairment?				
	ACCESSIBLE SHOWERS/CHANGING ROOMS				
59	Are there changing rooms clearly identified by visual and tactile information?				
60	Are the shower controls at the appropriate height and easily identifiable to users with a visual impairment and users with limited hand function?				
SIGNAGE					
61	Are entry/exit points to the club and parking area clearly identified?				
62	Is signage current, consistent and relevant throughout?				
63	Are direction and information signs at consistent heights?				
64	Is all signage kept simple with approved pictorial symbols where appropriate?				
65	Is signage tactile?				
66	Is written information available in appropriate language and sensory format?				
67	Is all signage unobstructed and clearly visible from both a seated and standing position?				
68	Is there an audible emergency alarm system supplemented by a visual / tactile system?				
69	Are ground floor emergency exit routes level and accessible to all, including wheelchair users?
