

Engagement of Health Care Professionals by Events

In order to provide appropriate levels of protection to event participants, British Rowing recommends that Head and Regatta Committees request evidence of current health care professional registration from any health care professional they engage for medical cover at their event.

The General Medical Council can be readily consulted for the cross-referencing of such registration evidence for Doctors:

<http://www.gmc-uk.org/doctors/register/LRMP.asp>

Information for other Healthcare Professionals can be checked at

- Paramedics: <http://www.hcpc-uk.org/check/>
- Nurses: <http://www.nmc-uk.org/search-the-register/>

These are free, easily accessible websites and anyone can check; all you need is the individual's name.
