The Rowing Lake:

The Kruszwica regatta course is a natural rowing course situated in a Landscape Park, protected by the programme Natura 2000. The post-glacial lake is a sheltered spot. The rowing club is located just by the lake shore, near the regatta course, so it is very easy, comfortable and safe to keep the boats and go down to the water.

Near the regatta course there is an historical tower, 32 metres high, which provides a great opportunity to admire wonderful views of the lake as well as the regatta course. The members of "Goplo Kruszwica" Rowing Club have great experience in organising rowing competitions, including European Championships with over 1000 competitors. Services near the course include a good restaurant, car parking and buses.

What to do:
