BEACH SPRINTS
CHAMPIONSHIPS

Introduction

British Rowing is committed to ensuring that rowing is an accessible sport which provides opportunities for enjoyment and achievement at all levels. To better achieve this goal, British Rowing understands the need to expand these opportunities to include all types of sea rowing.

FISA have been supporting the growth of coastal boat based competitions, providing two formats - Endurance and Beach Sprint. Both of these events use three boat classes as defined in World Rowing's Rules of Racing and in British Rowing Rules of Racing. These are solo (C1x), double (C2x) and coxed quadruple sculls (C4x+).

The Beach Sprint format is a side by side 250m slalom course starting and finishing on the beach.

In 2018 British Rowing hosted the first Commonwealth Beach Sprints Regatta, the format of which has been part of the Mediterranean Beach Games (2015) and the Asian Beach Games (2016). The Beach Sprint format is an important part of World Rowing's future and has been designed to be low cost to run, provide strong event presentation and spectator appeal and the allow jeopardy to be part of the competition outcome!

All types of rowing have increased in popularity over the last few years. To support this British Rowing are aiming to enable British crews of all disciplines the chance to be able to race in coastal events in the UK with a beach start and finish. Racing with a beach start and finish gives spectators a much better experience of watching the racing.

In 2019 British Rowing will be hosting the British Rowing Offshore Championship, open to all, on Sandbanks Beach on the Friday and Saturday prior to the Beach Sprints Championships. See the separate Notice of Competition for more details.
