

ADAPTIVE CLASSIFICATION GUIDANCE

All competitors with a physical, sensory or learning impairment may enter BRIC Online 2020. A form of virtual classification has been set up to support inclusion of any adaptive rowers that may want to compete. Competitors should note that any classification given at BRIC Online 2020 applies to this competition only, due to the virtual nature of the classification process.

The following race categories are available for Adult Adaptive rowers:

- 2km
- 4 minutes
- 1 minute

The following race categories are available for Junior Adaptive rowers:

- Junior timed events/2km
- Junior 1 minute

The 2km is the only event that forms part of the Continental Qualifiers for the World Rowing Indoor Championships finals in Feb 2021 (WRICH). Only internationally classified Para Rowers racing in the 2km event will be eligible, assuming they meet the other eligibility criteria for that event. Nationally classified Para Rowers will still be able to compete in the PR classification events but will not be eligible for qualification to the WRICH.

Competitors will be required to submit evidence to support their chosen classification, or complete a self-declaration form. This evidence can take the form of:

- A current classification letter
- Invictus categorisation confirmation
- Medical documents

Submission will be through a secure online form. A link to this form will be included in the entry confirmation email. This evidence must be submitted no later than 23:59 on 23 November 2020, the closing date for entries to BRIC Online.

Your evidence will then be reviewed by a British Rowing Classifier and you will be notified of the class you are eligible to race in. If this is different from the classification you entered initially, we will make the change to your entry.

Competitors are advised to select the classification they feel best suits them but must be aware that this classification may change ahead of the event.

Any competitor that does not provide this evidence in advance of the deadline will be given the opportunity to race in the AR3-Open class only.
