The British Rowing Club Emergency Fund

British Rowing recognises that clubs are the backbone of our sport and will be critical to rowing's recovery following Covid-19. We also know that many clubs are facing significant financial and other challenges. We are therefore committed to supporting clubs through this challenging time.

As part of our ongoing club support activities, we continue to assist clubs to apply for funding available from Sport England, Government and other sources. We have also established a British Rowing Club Emergency Fund to provide additional financial support to clubs as they plan to reopen following closures.

The British Rowing Club Emergency Fund aims to deliver grant funding to those Affiliated Clubs that are most in need and whose future would be in jeopardy without support. A fund has been established and all British Rowing Affiliated Clubs are eligible to apply.

The fund initially opened for applications on 8th June 2020 to cover lockdown 1. It was then extended to cover lockdown 2 and is now being extended again to cover lockdown 3. Until the government confirms otherwise, we are currently assuming that lockdown 3 will run from 5th January to 31st March (in line with current legislation). The new deadline for applications is 30 April 2021.

Sadly we are not be in a position to make good on lost revenue arising from cancelled memberships or as a result of competitions and other fundraising events that have been cancelled, but we will seek to support clubs, where practicable, with unavoidable and/ or fixed costs that they are not able to meet and that are not eligible for government financial support.

Fund criteria

Details of who can or cannot apply to the Club Emergency Fund, as well as what will or won't be funded, are provided below. A Yes. Clubs that received Sport England Community Emergency Funds can apply for top-up funding to cover the same costs, providing these relate to a different time period and evidence of this can be provided.

A Several clubs have included ineligible costs in their applications to the Club Emergency Funds and/ or failed to provide the requisite supporting information. We recommend that

all clubs clearly review the criteria and terms and conditions before completing their applications and provide as much supporting information as possible eg invoices and relevant financial records. This will support quick and efficient decision making by the Club Emergency Fund Assessment Panel.

The FAQs will continue to be updated/ expanded throughout the application period.
