

British Rowing Masters Championships

INSTRUCTIONS TO COMPETITORS

This regatta complies with the BR's Rules of Racing and 'RowSafe 2021'.

Competitors who do not comply with these instructions or the instructions of Regatta officials, may be penalised or even disqualified from racing.

The regatta will endeavour to provide a safe environment within RowSafe 2021 and British Rowing's guidance "Managing COVID 19 Version 12" although competitors are specifically reminded that persons using the lake and the adjoining river do so entirely at their own risk and are solely responsible for: -

1. Their own safety.
2. Behaving in a way which ensures COVID security and social distancing and wearing of face coverings about the site except while on the water.
3. Ensuring that their boats are safe and are prepared to the standards required by the BR Rules of Racing and Row Safe. Any boat that fails to meet the standard shall be excluded. See BR Rule of Racings 7-2-8 and 7-2-9 for details.
4. The strict observance of the circulation patterns on both land and water (see maps) and of Row Safe.
5. Deciding, together with their coaches, whether or not they are competent to use the lake in the prevailing weather conditions.

Clubs and competitors are also reminded that they must:

1. Not go out for practice sessions.
2. Not practise during racing.
3. Adhere to all the COVID security measures which are in place.
4. Make their own safety and first aid arrangements before and after the day's racing.
5. When training on the River Trent during racing hours, make their own safety arrangements. They must ensure their boat is licensed to be on the River and they must read the circulation pattern for the River Trent on the Nottingham and Union RC website http://www.nurc.co.uk/images/Steering_Advice.pdf.
6. Ensure that all roadways and access routes are kept clear at all times and that they should not park in the Finish/Presentation Stage area. Crews should be especially vigilant in the boating/boathouse areas.
7. Report all accidents to the using the online incident reporting system.

Lane Numbers

Crews should collect their lane number from the table at the outgoing pontoon. They can boat up to 40 minutes before their race time. After the race return the lane number to the bucket of disinfectant at the incoming pontoons. **Do not** return the race number to the outgoing pontoon table. Control commission will not let you boat more than 40 minutes before race time. Details of the draw can be found on the Regatta Marshals cabin.

Crew Changes

All crew changes should be done online using BROE2 where possible. BROE2 will be left open until the morning of the Championships. If there are crew changes required on the day please collect a form from the Regatta Marshals cabin and hand in.

Safety Boats

There are safety boats on the course during racing and the first duty of every waterborne official is to the safety of competitors or any person in difficulty.

General Competence

The organising committee reserves the right to exclude any crew or sculler from further competition in an event if it does not show sufficient competence in either attaching to the start pontoons or progressing down the course during a race. This rule will be applied in the interests of safety and fairness to other competitors.

Marshalling Instructions

Note that lakeside markers count down from the Start (2000m) to the Finish (0m)

Boating

Boating will be more controlled than previous years with an enclosed boating area to account for social distancing. It is imperative that you stick to the boating times you are given as there is no guarantee any late comers will have access to the boating area out of sequence. Below is an anticipated schedule for boating for you to familiarise yourself with.

Race Time	0900	0906	0912	As Published
Boating Opens	0830	0836	0842	-30 Minutes
Boating Closes	0836	0842	0848	-24 Minutes

Intermediate Start

Crews will proceed in lane 7 to the 2000m start. Under the Start Marshal's instructions they will cross into their racing lane and proceed towards the Start in their racing lane. Crews should assemble behind the Start Tower, close to race time allowing time to be attached 2 minutes before the race. If a crew misses its "slot" it may not be allowed to race. When the Starter calls the race, crews will paddle past the start pontoons in their allotted lane and will then back down onto the start pontoon.

Warming up

Crews may warm-up above the Start in their **ALLOTTED LANE ONLY** and in the racing direction only.

Cooling down

Crews may cool down by carefully turning into lane 7 after their race, and then turning into lane 5 at the **500m marker only**. Crews must travel in the racing direction only in lane 5

and must take care not to impede any races on the course, or to cross the Finish Line alongside a race.

Prize Winners

Winning crews should continue to the incoming pontoons. After they have placed the boat on their trailer one representative of the crew should come to the Event Cabin at the bottom of the finish tower where they can collect the crew's medals.

Disembarking

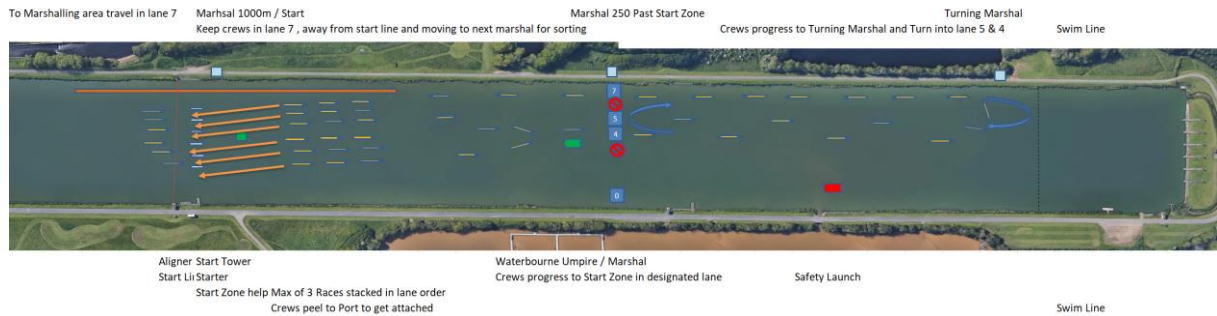

Use the Inward rafts only when coming ashore after racing. Do not use the Country Park raft or those on the southern shore of the course. Take care in the finish area to avoid collisions as crews merge from racing and from cooling down.

Circulation Patterns

There is no practice session during the regatta

Racing Circulation Pattern

This applies from 30 minutes BEFORE the first race, until after the last race has finished

Failure to follow these circulation patterns may lead to penalties

Points of Danger;

1. Great care should be taken when using the pontoon on the Country Park shore. Note that this pontoon is for embarkation only.
2. The pontoons on the side of the course past the Finish Tower and in front of the new boathouses should not be used by any crews.
3. Static crews in Lane 7 must be aware of the potential danger of being blown into the racing Lane 6 if there is a cross wind. Crews stopping in Lane 7 are advised to stop close to the bank.
4. Crews must take particular care of the stakeboat mooring cable in Lane 7 beside the intermediate start.
5. Crews must take particular care when crossing the course to get to their allocated lane.
6. Crews must take particular care in the finish area to avoid collisions with other crews that have just finished, have been cooling down or that are returning from the presentation raft
7. Crews must take care to avoid the intermediate start pontoons as they move onto the Start.

General Safety and Emergency Information

COVID-19

Competitors and coaches should use the QR codes to check in to the NHS Covid app if they have it installed. The details of the crew listed on the entry form will be used for tracing purposes if necessary. Please wear face coverings around the site except when you are in your crews.

Cycling, Skating, Rollerblading & Pedestrians

Cycling, skating, rollerblading etc. is completely prohibited in at the Championships. The south side of the course will be closed to unauthorised users from half an hour before racing starts until half an hour after racing has finished. Cyclists etc. must give way at all times to pedestrians and service vehicles of the Regatta.

Sunburn, Heat Stroke & Exhaustion

Competitors and officials are reminded of the dangers of sunburn, heat stroke and exhaustion and of the need to cover up, apply sun block and increase water intake where appropriate. Regatta Officials should be informed of any casualties as soon as possible so First Aid can be summoned.

Medical Support

A Duty Officer of the National Water Sports Centre is on call 24 hours a day, contactable through the Centre Reception: dial 0 from any site telephone. During racing hours the British
