

2022 Notice of Competition

Version 3, 22 April 2022

BEACH SPRINTS
CHAMPIONSHIPS

Introduction

British Rowing is committed to ensuring that rowing is an accessible sport which provides opportunities for enjoyment and achievement at all levels. To better achieve this goal, British Rowing understands the need to expand these opportunities to include all types of sea rowing.

World Rowing has been supporting the growth of coastal boat based competitions, providing two formats - Endurance (Offshore) and Beach Sprint. The Endurance (Offshore) events use three boat classes as defined in World Rowing's Rules of Racing and in British Rowing Rules of Racing. These are solo (C1x), double (C2x) and coxed quadruple sculls (C4x+). The British Rowing Beach Sprint event has two boat classes, solo (C1x) and double (C2x)

The Beach Sprint format is a side by side 250m slalom course starting and finishing on the beach.

In 2018 British Rowing hosted the first Commonwealth Beach Sprint Regatta, the format of which has been part of the Mediterranean Beach Games (2015) and the Asian Beach Games (2016). In 2019 the first British Rowing Beach Sprint Championships were held on Sandbanks Beach, Poole. The Beach Sprint format is an important part of World Rowing's future and has been designed to be low cost to run, provide strong event presentation and spectator appeal and allow jeopardy to be part of the competition outcome!

Great Britain has secured the rights to host the World Rowing Coastal Championships and Beach Sprint Finals in 2022 to be held at Saundersfoot from 7-16 October. This will be the same location as the British Rowing Offshore and Beach Sprints Championships.

All types of rowing have increased in popularity over the last few years. To support this British Rowing are aiming to enable British crews of all disciplines the chance to be able to race in coastal events in the UK with a beach start and finish. Racing with a beach start and finish gives spectators a much better experience of watching the racing.
