- 2.4. The Organising Committee (OC) encourages teams to avoid doubling up of athletes. However, where it is not possible to field a full team without this, it will be permitted. As such, the racing order (see *section 8*) has been developed to allow for some doubling up **within age bands**. Equipment is shared at the crew's own risk. No changes to the race order will be made to take account of any issues arising due to doubling up etc.

Adaptive Events

- 2.11. Individual team managers are responsible for collecting entry fees from their team's competitors.
- 2.12. The full entry fee due must be paid, or the cheque received, by Wednesday, 10th April 2024.

3. Prizes

- 3.1. Individual gold, silver or bronze medals will be awarded respectively to the first, second and third placed three crews in the A Final of each event.

The Martin Humphrys Cup will be awarded to the highest placed team across all events, with only those teams that were placed overall between 7th and 12th inclusive in the previously held Regatta being eligible for this cup. At the 2023 Regatta, two teams were tied for 6th place, resulting in the following five teams being eligible this year (in alphabetical order): Northern, Thames South East, Wessex, West and Yorkshire.
- 3.6. The above shield and the cups remain the property of the Regatta.
- 3.7. The team winning the Victor Ludorum for Single Sculls events will be presented with a commemorative wall plaque.

- a. commentary notes
 - b. a coach's contact number.
- 5.4. If you have any queries regarding entries or the entries process, please email secretary.jirr@gmail.com in good time.
- 5.5. Please note that the race order (see section 8) is fixed and team managers should take it into account when selecting their crews as changes to the race order and timetable will not be made.
- 5.6. Team managers should ensure that a British Rowing *Adaptive Rower Medical Self-Declaration Form for AR - Open Category* is completed for each entrant for the Adaptive J 1x and Adaptive WJ 1x events and emailed to secretary.jirr@gmail.com by the close of entries. Forms will be reviewed by the British Rowing Head of Classification.

6. The Draw Process

- 6.1. The draw will take place at 11:00 on Saturday, 13th April and will be coordinated virtually by video call.
- 6.2. The start order and race timetable will be published on the following website by 12:00 (noon) on Monday, 15th April: www.britishrowing.org/events/events-calendar/junior-inter-regional-regatta. An information pack containing the Timetable and General & Safety instructions will be emailed to all team managers who have entered crews; these documents will also be posted on the website in pdf format.
- 6.3. Enquiries regarding the draw should be made by email to secretary.jirr@gmail.com. Please remember to include your full contact details.

7. Making Changes to Entries

- 7.1. Team managers are reminded of British Rowing Rule of Racing 7-2-4-b on crew composition. This is amended for this competition such that a substitute must be a member of the same team as the rower he or she is replacing and the cox may belong to a different team. The reference to the Personal Ranking Reference Book is not relevant for this Regatta. *(Please note that Rule 7-2-4b may be updated in the 2024 edition of the Rules of Racing which will be effective from 1 April 2024 and in force for this competition.)*
- 7.2. Withdrawal after a crew's first race will be allowed if notice is given to the Chair of the Race Committee (contactable via the Entries Secretary) and there are acceptable reasons. As stated at paragraph 8.10, no team points will be awarded to crews that withdraw on race day.

8. Racing Format

- 8.1. **Adaptive events:** will comprise a time trial over 1,000m as the first round followed by a side-by-side final. The time trial will determine the lanes and handicap (timed head start) for the finals which will be held over 1,000m with a free start.
- 8.2. Medals will be awarded as detailed at paragraph 3.1 for each of the two Adaptive events, except when paragraph 8.4 applies. Paragraph 3.2 does not apply.
- 8.3. Points will be awarded as detailed at paragraph 8.8 for each of the two Adaptive events, except when paragraph 8.4 applies.
- 8.4. Should there be fewer than two entries in one of the two Adaptive events. The events will be combined with the following applying for medals and points:
 - a. One Gold, Silver and Bronze medal will be awarded respectively for fastest three crews in the A final of the now-combined event
 - b. Points will be awarded in the manner described at paragraph 8.8 across the crews in the now-combined event
- 8.5. The OC reserves the right to mix the crews from the two Adaptive events across the finals as appropriate whilst not combining the two Adaptive events.

- 8.6. **Single sculls events:** the first round will be a time trial over 1,000m. Each team's fastest sculler in the time trial for each event will compete in the 1st Boats' class and the second sculler in each event will compete in the 2nd Boats' class. There will be separate A Finals for the 1st Boats' class and the 2nd Boats' class, each with the fastest six crews from that class. Minor finals will comprise the remaining crews from both the 1st and 2nd Boats' classes. Points will be awarded and a ranking given for the 1st Boats and 2nd Boats as separate events.
- 8.7. **All other events:** the first round will be a time trial over 1,000m. The fastest six crews across both heats will go through to the A Final and the remainder will go through to the minor finals in time order.

Points

- 8.8. The maximum number of points available in an event will be equal to the number of crews that race in that event's finals. The first placed crew in the A Final receives the maximum number of points, with the next placed crews each receiving one fewer point than the previous. Points will be awarded in the same manner in the minor finals with the maximum number of points for the first placed crew being the equal to the number of crews that raced in the event minus the number that raced in the higher final(s). For an event with 13 crews racing, points will therefore be awarded as follows:
- A Final: 1st receives 13 points, 2nd receives 12 points and so on to 6th, 8 points.
 - B Final: 1st receives 7 points, 2nd receives 6 points and so on to 5th, 3 points.
 - C Final: 1st receives 2 points and 2nd receives 1 point.
- 8.9. In all cases the A Final will comprise the six fastest crews as a result of the time trial. The minor finals will comprise the remainder, with the lowest minor final comprising at least two crews so that no crew is eliminated following the time trial.
- 8.10. In the unlikely event of a crew not appearing at the start in a final, that crew will be awarded no team points. If a crew fails to show for an A Final, all crews in the B and C Finals will receive an extra team point. If a crew fails to show for a B Final, all crews in the C Final will receive an extra team point.
- 8.11. Any crew that scratches or does not finish a final (i.e. not rowed out, did not finish or disqualified) will receive no team points. In this case, the same points system will apply as at paragraph 8.10.

Race Order and Timetable

- 8.12. Events will follow this numerical order (read left to right then top to bottom):

| | | | | |
|---------------|---------------|--------------|---------------|--------------|
| (1) Adaptive | (2) J15 1x | (3) WJ15 1x | (4) J16 1x | (5) WJ16 1x |
| (6) J16 2- | (7) WJ16 2- | (8) J14 2x | (9) WJ14 2x | (10) J15 2x |
| (11) WJ15 2x | (12) J16 2x | (13) WJ16 2x | (14) J16 8o | (15) WJ16 8o |
| (16) J14 4x+ | (17) WJ14 4x+ | (18) J15 4x+ | (19) WJ15 4x+ | (20) J16 4x- |
| (21) WJ16 4x- | (22) J15 4+ | (23) WJ15 4+ | (24) J16 4+ | (25) WJ16 4- |

- 8.13. Racing will start at 08:30. The start order and timetable for racing will be published once the draw has been undertaken. There will be a minimum of 50 minutes between races in

sweep-oared events within the same age category and between sculling events within the same age category in the published timetable. This is subject to variation on the day should any changes be required due to the weather or conditions.

9. Regulations for Racing

- 9.1. The Regatta is run in accordance with the British Rowing Regulations, the Rules of Racing and Row Safe guidance together with its associated documents. Competitors and coaches are reminded that they should be familiar with these documents. Note that all references to the Rules of Racing are the current (2023) edition. The 2024 edition will be in force for this Regatta.
- 9.2. If a substitute coach or responsible adult attends the Regatta he/she must contact Registration and register his/her mobile telephone number. This can also be done in advance by emailing secretary.jirr@gmail.com.
- 9.3. Competitors are reminded that they must be able to produce their digital membership card when requested. If it is not available (e.g. not yet received), other forms of photographic identification can be used.
- 9.4. The Race Committee reserves the right to exclude any crew or sculler from further competition in an event if they do not show sufficient competence in either attaching to the start pontoons or progressing down the course during a race. This is applied in the interests of safety and fairness to other competitors.

Cancellation and Changes to Racing

- 9.5. Team managers, competitors, volunteers and spectators are reminded that safety is the Organising Committee's primary concern. In cases when the OC considers that the Regatta cannot be run safely, the OC may choose to take appropriate action, which may include (amongst other things) suspending racing, changing the timetable, shortening the course, cancelling specific events or cancelling the Regatta altogether. The OC will seek to make a decision as early as practicable based on the circumstances in question and in the event of advance cancellation, the OC will aim to make and communicate this decision at least 24 hours in advance of the Regatta. Team managers, competitors, volunteers and spectators should take this into account when making plans for travel, accommodation etc.
- 9.6. Entry fees will not be refundable if it should become necessary, for any reason, to abandon the Regatta or any event on the day. It will be at the discretion of the OC if a partial refund is offered if the Regatta is cancelled prior to race day.
- 9.7. When it is not possible, for whatever reason, to complete the Regatta or any event, times from the heats may be used to determine medal winners, declare the victores ludorum and award other prizes.
- 9.8. The Race Committee will monitor conditions throughout the Regatta and, if necessary, will adjust the draw patterns to create the fairest racing conditions.
- 9.9. It is the responsibility of each team manager and each competitor to keep him/herself informed of any changes to the Regatta programme.

Racing Kit

- 9.10. British Rowing Rule of Racing 7-2-5 does not apply to this Regatta.

- 9.1.1. Competitors may wear either the strip of the club that they are representing, or a uniform garment in their team colour. Team t-shirts provided by the Regatta should, where possible, be on display.
- 9.1.2. One t-shirt will be provided for each 'seat' entered (including coxes) plus one for the team manager (a maximum of 94 per region).
- 9.1.3. Please note that t-shirts are not available to coaches except for the team manager.
- 9.1.4. Individual team managers will be responsible for collecting the sizing information for their team t-shirts. This information to be submitted to the Entries Secretary by a date to be advised via an online form that will be sent to team managers.

10. Photography

- 10.1. There may be photographers and videographers at the Regatta. Their photographs and videos (which may include live streaming) may be used on the website and social media sites of the Regatta or by British Rowing. By entering the Regatta, competitors and those responsible for them consent to this.
- 10.2. Competitors and those responsible for them should be aware that other, non-official photographers and videographers might operate at national sporting events and the subsequent photographs may be freely used in print, digital media or elsewhere, over which the OC has no control.
- 10.3. Coaches and competitors agree that by entering crews they have made the crew members and their parents/guardians (where in loco parentis) aware of the above two paragraphs.
- 10.4. The use of drones is not permitted under any circumstances at the National Water Sports Centre. Any team which is seen to be using drones for any purpose within the boundary of the venue risks disqualification of their crew being filmed or of all their crews at the Regatta.

11. Welfare and Safeguarding

- 11.1. The OC recognises their Duty of Care to ensure that all reasonable steps are taken to provide a safe environment for all those attending the Regatta in whatever capacity. The OC believes that the safety, welfare and wellbeing of all children and vulnerable adults is paramount. The OC has in place a comprehensive welfare and safeguarding policy which will be circulated prior to the Regatta and published on the website.
- 11.2. Each team manager is responsible for the welfare, safety and appropriate supervision of his/her team and is expected to know the whereabouts of his/her team at all times during the Regatta. Sufficient appropriate supervision should be in place within each team to accommodate the number of junior competitors attending the Regatta. Any safeguarding concerns **must** be escalated to the Regatta Welfare Officer immediately.

12. Clean Sport Statement

- 12.1. The Regatta is committed to Clean Sport. All athletes, athlete support personnel and clubs are bound and must abide by the World Anti-Doping Agency Code. Athletes competing at

the Regatta could be tested at any time, and by entering this competition it will be deemed that consent to be tested has been given.

- 12.2. To understand more about anti-doping, the rules and your responsibilities, go to <https://www.britishrowing.org/about-us/governance/anti-doping/> or email antidoping@britishrowing.org

13. Regional Selection Processes

Annex A

The following information was circulated by the National Competition Committee (NCC) in January 2020. The Chair of the NCC has confirmed that the same process applies this year.

Regional Trials for Junior Inter-regional Regatta 2020

The National Competition Committee have discussed the request from several regions to use BROE2 for managing the entries for their trials for the Junior Inter-regional Regatta.

In order to use the BROE system, the trials would normally have to be an affiliated competition with the associated costs and requirements under the British Rowing Rules. A process to allow JIRR Trials was setup for 2019 and this is available for 2020.

Please find below the requirements for using the British Rowing Insurance. Please note that any selection trial or competition/event which has more than 4 clubs present will invalidate British Rowing insurance unless it has permission through this process or directly from the National Competition Committee.

Phillip Clements
Chair, National Competition Committee
January 2020

Regional Selection Trials/Events

Regions may select their crews through regional trials or selection events although it is not mandatory to hold a selection event and other methods of selection are permitted (e.g. by asking for expressions of interest from crews and selecting the crew with the highest PRI points)

If a Regional Rowing Council decides to hold a selection event then, as part of the event affiliation agreement, it is possible for RRCs to avail themselves of British Rowing Event Insurance.

In order to take advantage of such insurance a Regional Rowing Council shall agree in advance to the following:

- Each crew selection event shall be run by the individual region(s) concerned and organisational responsibility shall sit with those Regional Rowing Councils.
- Each RRC shall appoint an Organising Committee and a Race Committee, the chair of each shall be approved by the Junior Inter-regional Regatta Chair or Deputy Chair.
- The Organising Committee shall produce a Course Map, Safety Plan, Risk Assessment and a Welfare Plan/Statement along with Instructions to Crews which are suitable for the size & nature of the individual crew selection event in question (this may vary in detail between regions depending upon size of event & nature of water for instance). This shall be approved by the individual RWVA for that region where the selection trials/event is being held, ideally 6 weeks before the selection event.

The RRCs must note that the local set of documentation shall be submitted in advance in a timely manner to JIRR Chair and Deputy Chair for information, ideally when it is submitted to the RWVA.

Upon approval of the OC and documentation British Rowing grants individual event insurance to each region and access to BROE will be made available. (Note: the responsibility for the management of the trials is thereby returned to the RRCs and not the Junior Inter-Regional Committee)

This is an annual process which needs to be completed, a minimum of 6 weeks before a trial. Permission to run in previous years using the process, does not guarantee future years.
