The completed ergo must have been completed between the 1 January 2026 and the closing of entries on BROE2. The submission will require the following information:
- Date the ergo was completed
 - Result (in MM:SS.00)
 - Average Rate
 - Verification Code
 - a photo of the completed [ergo screen with verification code](#) visible.
- 6.5. **Entries/Registration Close:** 12:00 (noon) Thursday, 9 July 2026.
- 6.6. Only athletes eligible to compete for England will be considered ([see section 5](#)).
- 6.7. The selection panel will consist of three individuals: the **British Rowing England Pathway Manager**, the **England Rowing Team Manager**, and the respective **England Rowing Lead Coach for Seniors or Juniors**, depending on the event category. This group will oversee the full team selection and make decisions by majority vote.
- 6.8. See the Junior Team ([Section 7](#)) and Senior Team ([Section 8](#)) for more information on how each boat type and coaches will be selected. ([See Appendix E for a flow chart of the selection process for boats selected from the England Rowing Trial.](#))
- 6.9. All racing will be held over 1500m in a time trial format (Weather Permitting).
- 6.10. A competitive standard is required for all entered boats. ([See Appendix B for indicative water times for all boat types.](#))

- 6.11. Doubling up is permitted between divisions with the following exceptions:
- 6.11.1. Rowers must remain in sculling or sweep disciplines.
 - 6.11.2. If doubling up from a pair (2-) to the coxless four (4-) both athletes from the pair (2-) must be present in the coxless four (4-).
- 6.12. If an athlete qualifies for the top boat in both divisions, the decision on which boat they race in will be made by the selection panel.
- 6.13. The fastest boat in each boat category racing at the selection event will be selected if points 6.14 to 6.21 are not met.
- 6.14. (B) Junior Boats may be considered for selection for (A) Junior, U23 and/or Seniors in the equivalent boat categories without a race-off if meeting point 6.13, otherwise the following points still apply. Priority for selection will be for junior boat categories.
- 6.15. If the (B) Junior Boat is the fastest overall Junior Boat in that event they will be selected as the (A) Junior boat with the (B) Junior boat criteria still applying for the next selected boat.
- 6.16. (B) Junior boats must be within 3% of the fastest selected Junior Boat of that boat type to be considered for selection.
- 6.17. If there are no suitable (B) Junior boats that meet the eligibility criteria in [Section 5](#) and the selection criteria in point 6.12 and 6.14 the second fastest overall Junior Boat in that category will be selected as long as they don't meet points 6.20 and 6.21.
- 6.18. Junior boats may be considered for selection as U23 and/or Seniors in the equivalent boat categories without a race-off if meeting point 6.13, otherwise the following points still apply. Priority for selection will be to the boat category entered.
- 6.19. U23 boats may be considered for selection as Seniors in the equivalent boat categories without a race-off if meeting point 6.13, otherwise the following points still apply. Priority for selection will be to the boat category entered.
- 6.20. In the event multiple boats' times are separated by less than one second of the fastest boat within a boat type, those boats may be required to race-off, side-by-side should circumstances allow. Race-offs will take place as soon as possible once all time trials have been completed.
- 6.21. GMT% scores between boat types of the same discipline will be considered and to be selected a boat will be expected to achieve a similar gold medal time to others selected boats. Where there is a boat/s with a higher % Gold Medal Time in another event, the selectors may ask the boat/s with the higher % Gold Medal Time to change boat types. This may result in a race-off should circumstances allow at the discretion of the selectors.
- 6.22. For GMT% scores to be compared all entries will be considered equally in that category. E.g. if a Junior boat is being considered for a Senior boat category, the Junior boat will have be compared against Senior GMT% expectations.
- Note:** *(The combined average GMT% score of all boats in each division will be considered when comparing boats between divisions.)*
- 6.23. Boats from 6.20 and 6.21 may be combined for a race-off.

- 6.24. If there is only one entry in a category, the boat will still be expected to complete a 1500m time trial and will be regarded alongside other boats as in point 6.21.
- 6.25. If there are no boats entered in a category the selectors will first look to form a crew using other boats entered in that format. If there are no other boats in that format suitable for selection the selectors may seek to form a crew using other athletes entered into the trial.
- 6.26. Only one round of race-offs will take place. Race-offs will take place over 1500m in a side by side (regatta) format with the crew crossing the finish line first being selected. (In the case of a dead heat the crew with the highest GMT% from the time trial will be selected.)
- 6.27. **All equipment used must be fully compliant with the British Rowing Row Safe guidance.** Athletes and coaches are advised to check in advance the heel restraints and other safety features on their boats, as failure to be fully compliant will result in the boat not being allowed to race.
- 6.28. On the day racing appeals must be made by a designated club representative who should be confirmed at the time of registration. Appeals must be made immediately following the finish of racing in the division directly to the registration desk and before times have been released for that division. Only appeals where there has been a significant outside influence on a boat's result may be made. Any evidence to support the appeal must also be shown at this time.
- 6.29. In the event the England Team Trials must be cancelled for any reason, the entrants to the England Team Trials will be assessed and selected to the team based on their regatta history this current season.

7. Junior Team

- 7.1. **Coxes:** Two Junior coxes will be selected. One each for the Junior Women's and Junior Men's teams. Selection will be from the U19 GBRT Crew Formation in line with the U19 GBRT Selection Strategy.

- 7.3. **4x:** The 4x will be made from the four scullers selected in 1x (A), 1x (B), and 2x. If this is not possible for any reason a sweep rower will be asked to sit in the 4x at the selection panels discretion.
- 7.4. **8+:** The 8+ will be made from the four rowers selected in 2- (A), 2- (B), and 4-. If this is not possible for any reason a sculler will be asked to sit in the 8+ at the selection panels discretion.
- 7.5. **Coaches:** Four coaches (1 Junior Men Sweep & 1 Junior Men Sculling and 1 Junior Women Sweep & 1 Junior Women Sculling) will be selected to travel with the team from the England Team Trials. The final decision will be made by the selection panel in collaboration with the GBRT U19 Selection Panel and British Rowing Coach Developer – Olympic Pathway and will consider:
 - 7.5.1. Coaches with selected athletes.
 - 7.5.2. Coaching experience and the development opportunity for the coach.
 - 7.5.3. Availability for composite crew training.
 - 7.5.4. Team Compatibility.
 - 7.5.5. The ability to bring additional skills to the team.
 - 7.5.6. Only coaches able to confirm that all requirements in [section 5](#) are met will be considered.

8. Senior Team

- 8.1. **Coxes:** Two coxes will be selected. One each for the Women's and Men's teams. Selection will be from the U23 GBRT Crew Formation in line with the U23 GBRT Selection Strategy.
- 8.2. **1x, U23 1x, PR1/2 1x, 2x, U23 2-, 2- & 4-:** These boat classes will be offered and selected from the England Team trials as outlined in [Section 6](#). As the PR1 & PR2 boats are different speeds the fastest boat will be calculated as being the highest % Gold Medal Time.
- 8.3. **PR3 Mixed 2x:** A PR3 1x boat class will be offered and 1 Male and 1 Female rower will be selected from the England Team trials as outlined in [Section 6](#) to row in the PR3 Mixed 2x.
- 8.4. **4x:** The 4x will be made from the four scullers selected in 1x, U23 1x, and 2x. If this is not possible for any reason a sweep rower will be asked to sit in the 4x at the selection panels discretion.
- 8.5. **8+:** The 8+ will be made from the four rowers selected in U23 2-, 2- and 4-. If this is not possible for any reason a sculler will be asked to sit in the 8+ at the selection panels discretion.
- 8.6. **Coaches:** Four coaches (1 Senior Men Sweep & 1 Senior Men Sculling and 1 Senior Women Sweep & 1 Senior Women Sculling) will be selected to travel with the team from the England Team Trials. The final decision will be made by the selection panel in collaboration with the GBRT U23 Selection Panel and British Rowing Coach Developer – Olympic Pathway and will consider:
 - 8.6.1. Coaches with selected athletes.
 - 8.6.2. Coaching experience and the development opportunity for the coach.
 - 8.6.3. Availability for composite crew training.
 - 8.6.4. Team Compatibility.

 - 8.6.6. Additional coaches for Para Scullers will be selected with their athletes at the discretion of the selection panel.

9. Appeals

- 9.1. Please see [6.28](#) for how to put forward a racing appeal during the trials process.
- 9.2. Registered coaches, senior athletes, or the parent/guardian of registered junior athletes, are entitled to appeal against the outcome of the selector's decision (in their selection only) if they feel the selection process has not been followed.

Note: *The nature of the selection process means that selections to the team can often be made close to the regatta. As such the outcome of an appeal can have a significant impact not just on athletes directly involved in an appeal but on the preparation of other members of the team. The Appeals process is therefore designed to operate quickly and minimise impact to athlete preparation. Athletes should carefully consider if an appeal is justified, before making one.*

- 9.3. The appeal process can only be used to determine:
 - 9.3.1. Whether the correct procedures have been followed in the implementation of the Selection Policy.
 - 9.3.2. Whether a selection decision was reached based on an error of fact.
 - 9.3.3. Whether the selectors have acted reasonably, fairly and without bias in making a decision.

It is advised that this ground cannot be used simply because of the belief that the selection panel made a wrong decision. The decision would need to be so unreasonable that no reasonable person/panel (acting reasonably) could have made it.

- 9.4. The right to appeal a selection decision is provided on these grounds only and must not be seen as an opportunity to dispute the opinion of the Selectors, who will be regarded by the Appeals Panel as experts.
- 9.5. **Making an Appeal:** The appeal must be raised within thirty-six hours of a “Selection Decision.” A Selection Decision is defined as:
 - 9.5.1. Either the announcement of the names of members of the Provisional Team
 - 9.5.2. Or formal written communication between the Team Manager and the athlete that it is the intention of the selectors to no longer consider the athlete for selection.
- 9.6. An appeal should be initiated by emailing the Governance and Integrity Lead at governance@britishrowing.org (Subject: ENG Appeal) setting out full details of the basis upon which the athlete is appealing including:
 - 9.6.1. The appellant’s name, address, and contact details. If the Athlete is under eighteen years of age it shall also include their date of birth and the name(s) and contact details of their parent or legal guardian.
 - 9.6.2. Details of the decision being appealed.
 - 9.6.3. Details of the ground(s) of appeal upon which the Athlete relies, including the precise manner in which the Athlete alleges that the selection criteria have not been applied or in which the procedure set out in the applicable selection Policy or Process has not been followed; and
 - 9.6.4. Any documents or written evidence upon which the Athlete relies in support of their appeal. These documents must be relevant specifically to the Athlete’s grounds of appeal.
 - 9.6.5. An email or postal address for correspondence.
- 9.7. If the athlete fails to submit an appeal within the time limit, they will automatically lose the right of appeal.
- 9.8. An appeals hearing will take place virtually by videocall on Wednesday, 15 July 2026 (or additionally the 16 and 17 July 2026 as required). The appeal will be conducted by written and/or verbal submissions on behalf of the Appellant and British Rowing only. The Appeals Panel may request further information during this hearing. The Appeals Panel may make their deliberations in person or remotely as they in their absolute discretion decide.
- 9.9. The Appeals Panel will either:
 - 9.9.1. Reject the appeal and confirm the decision of the selectors.
 - 9.9.2. Uphold the appeal and inform the selectors that errors have been identified in the conduct of the selection process and request that a new selection decision be made as soon as is reasonably practicable.
- 9.10. The Appeals Panel will seek to reach its conclusion within twenty-four hours of the appeal hearing and will inform all interested parties as to its decision via email as soon as possible.
- 9.11. **Appeals Panel:** Three members of the British Rowing Disciplinary & Grievance Panel will be selected to form the Appeals Panel. Any individual directly involved with the athlete making the appeal or who was involved with the selection process may not sit on the Appeals Panel.

Notes:

1. *Indicative times represent the minimum performance standards expected under optimal conditions for crews aspiring to qualify for the England Team. Please use discretion when considering these times. All boats would be expected to reach A finals at a National Regatta. Please contact the respective lead coach if you wish to clarify the standard expected of boats.*
2. *Where possible indicative times are based off World Record Times (WRT). Exceptions include:*
 - a. *As there is no Men's and Women's PR3 1x WRTs we have used previous selection times to put forward an indicative time.*
 - b. *Indicative times are 91% of the WRT. Exceptions include the PR1 1x and PR2 1x which are 70% of the WRT. (GMT Percentage for these para boats is lower to encourage para inclusion.)*
